

Morrison Youth Baseball & Softball (MYBS)
Package Deal Policy

Purpose: To set forth board policy for “package deal” requests (that a particular player be put with a particular coach or other player).

Description: Except for requests for siblings to play on the same team (provided they are eligible ages), package deals requests will not be considered. The primary purpose of player evaluations is to promote competitive parity amongst the league teams. This purpose is undermined by package deal requests as well as making the draft process more difficult. Players often “blossom” when they have the opportunity to play with a new group of kids and coaches.
