

Morrison Youth Baseball & Softball (MYBS) ***All-Star Selection and Eligibility Policy***

Purpose: To set forth the selection policy, process and eligibility criteria for MYBS All-Star Teams.

Description:

Selection Policy and Basic Overview

As a league, MYBS strives to make sure that the regular season offers as much opportunity to play and experience baseball and softball as possible. Our League has many different playing levels, each geared to accommodate players based on their age and ability of play.

The All-Star Season is a completely separate season from the regular season. It is an opportunity for a significantly higher level of play. Players will have a significantly higher level of commitment and will receive a higher level of instruction and compete against other All-Star teams.

When it comes to All-Star teams, it is the intent of the MYBS Board to field a team that will best represent our league in competition and character. Several characteristics permeate our selection process for players and managers for the All-Stars team:

- Skill-level and ability to compete
- Attitude, hustle, team spirit, team leadership, and
- Overall character, integrity, and sportsmanship.

Winning is fun, but it is very important that we remember that we are about teaching life lessons, building and demonstrating the positive ideals and characteristics that we hope for all our children.

Coaches

The MYBS Board shall select the All-Star coaches from those who express an interest in coaching the All-Star team. The selection criteria includes coaching experience both in MYBS and elsewhere, competitive or playing experience of the coach, license level and/or participation in coaching clinics, commitment to MYBS, feedback from other coaches and parents, and observation of practices and games by the board. Our goal is to select a coach that will competently guide the All-Star team while still being a good steward of sportsmanship and making it fun for the players. Preference for the manager / head coach will be given to the coach with seniority in his or her division meeting this criteria.

Any coach interested in coaching an All-Star team must submit a statement of interest to coach the All-Star team by the date set by the board each season. Input regarding All-Star coaches will

be solicited from the other coaches in the league as well. A selection decision on All-Star coaches will be made around the second week of June.

Player Selection Process

Coaches will be asked to nominate players for the All-Star team. Nominations can be either players on that coach's team or players from opposing teams that the coach believes possesses the skills to participate on the All-Star team. There will not be individual team try-outs. There will not be a limit on how many players can be nominated by a single coach. However, coaches will strive to have equal representation from teams in the division.

Factors considered for player selection includes playing experience, demonstrated ability at a particular position, knowledge of the game, and ability to implement game strategies. Commitment to the league is also important. **Therefore, players that do not have 75% participation in regular season practices and games will not be eligible.** Players will only be eligible for the all-star team in the division in which he or she participated. Therefore, if a player plays up a division, he or she will be eligible for that division but not for the division he or she could have played in during the regular season.

Players may be selected based on their play at a particular position but may be asked to play a different position on the All-Star team.

The selected All-Star coaches are responsible for selecting the players for the team. Once the player selections have been made, the All-Star coach will contact player families and confirm their availability to participate in the All-Star Tournament and practices per the All-Star commitment agreement (see below). If a player selected cannot participate, an alternate player will be selected.

Once all players have been confirmed, the list of All-Star players will be distributed or posted on the league website. The All-Star Coaches will convene an All-Star meeting with parents and players to discuss expectations, time commitments and to collect fees. Parents and players will be asked to sign an All-Star commitment agreement acknowledging the commitment being undertaken and expectations for the all-star team.

Practices:

All-star practices will be held independently from league practices. All-star coaches shall set the frequency and location of practices but should not interfere with regular season games/practices. All-Star practices should not start until the last two weeks of the regular season. Tardiness and absenteeism at practices may jeopardize a player's good standing, which could be a factor in playing time. Coaches will set the rules for playing time. Players are not guaranteed to play a particular position in the All-Star games and coaches will have the final authority on what position a player will play and how much playing time that player will get.

Tournament Fees/Costs:

MYBS will pay entry fees for two local All-star tournaments. Any additional tournaments must be paid by the team, along with any all-star uniforms or jerseys. The exact cost is determined by the registration fees and the number of players chosen for the team.
